Yordis Monteserin

FullStack Developer
Riverside, California, United States

Summary

FullStack Developer with over 12 years in the industry, specializing in the development of scalable web applications and robust backend systems. Proficient in a range of technologies including React.js, Django, and cloud computing platforms. Known for delivering high-quality, efficient solutions. Bilingual in Spanish and English, bringing strong problem-solving abilities, and a dedication to continuous learning and improvement. Eager to join a forward-thinking organization where I can leverage my technical skills and experience to drive innovative projects.
